

# Large screen trolley floor stand

## FSW-V600 Assembly instructions

**1.**

**The trolley stand is supplied in parts.**

Assemble the wheels (when supplied separate) with the bolts to the base frame.

**2.**

Install the two columns on the base frame with the supplied M8 bolts.

When the floor stand is supplied with the optional cover plate, position this first on the base plate.

Secure the bolts well, do not over tighten them.

**4.**

The floor stand is suitable for installing different type of screens.  
The shape and size of the show component in the manual can change according the component used.

Slide in the nut-strips into the T-slot of the column.

Fasten the monitor mounting flaps with the special bolts.

The height of BOTH flaps are adjustable; be sure to level them equally.

**5.**

For maximum stability install the connector bar between both columns.  
Install the bar approx 25% from the top of the column.

**6.**

Use the floor stand only on level floors.  
Do not over exceed the load on the floor stand.  
Lock wheel before presenting.

**7.**

Install the screen with standard metric bolts into the mounting flaps or use Audipack mounting cams.

When using mounting cams be sure to lock the special security hook.

It might be possible that the hooks must be replaced when using the VESA 400 mounting pattern

**Warning:**

-Use the floor stand only on level floors.

- Lock all wheels when presenting.
- Tighten all bolts and connections properly.
- Check all mounting point twice a year.
